TONY KING & NINA VOX (AKA Kris Ralph)

A musical flame that licks at the heels of Folk and Jazz.

Breathtaking original music reminiscent of the beauty of James Taylor, some honey from Melody Gardot, a lyrical spice of Cohen washed down with some Waits-like humour.

Expect goose-bumps in the hauntingly beautiful vein of Sting, to the exotic tones reminiscent of Cassandra Wilson to the wild Hendrix spiked guitar and dirty New Orleans exhilaration of a band possessed. Tony has a reputation for setting fire to a 12 string with his solos, while Kris melts hearts with her rich, mellifluous voice and nylon string guitar.

Tony King and Nina Vox are Beautifully Mad, two of Australia's finest Singer/songwriters. ARIA Award winning Tony King was named Australian Songwriter of the Year 2009.
